Sticky Knowledge

England women (Lionesses) won the European Championship final in 2022, bringing home the country's first major trophy since the men won the World Cup in 1966.

Dribbling is keeping **control** of the ball by having lots of little touches. You can use the inside, outside and top of your foot to **dribble**.

Passing is an important skill in football. Your **team** keeps **possession** if they **pass** or **dribble**. You can **pass** using the inside, outside and top of your foot. You can **receive** a pass with **control** using the inside of your foot.

Marking is staying close to the **opposition** to stop them from moving into **space** to **receive** the ball.
